**(4) Guest Speakers: Gretchen Hamel, Ryan Lamey and Maria Michel
Waste Management Division**

Mr. Lamey and Ms. Michel discussed with the Council proposed changes in Env-Wm 110, and 300-700 (misc. sections). The existing rules in Env-WM 100-1100 set forth definitions and substantive requirements relating to the generation, storage, transportation and disposal of hazardous waste. Amendments are being proposed to reflect revisions to the hazardous waste manifest requirements that have been adopted by the United States Environmental Protection Agency (US EPA). The rules are proposed as interim rules under RSA 541-A:19, I(c) so that the changes can be in place, when the new form requirements take effect; regular rules will be proposed for adoption prior to the expiration of the interim rules.

A motion was made to accept the proposed changes in Env-Wm 110, and 300-700 (misc. sections). Motion made by Mr. Blayney, seconded by Mr. Connell. All in favor.

At 11:01 a.m., Mr. Allard moved to adjourn the meeting. Ms. Kinner seconded. The Council unanimously agreed to adjourn.
